DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 15 February 2002 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because references included in that IDS are incomplete. Item AQ faxed by applicant on 23 September 2004 upon request by the examiner does not include a list of references cited in that search report. No translation is provided for pages 3, 4 which seem to be comments from a German search report. Pages 5 through 8 of the fax, although in English do not have any information under "Result of a Search".

The IDS has been placed in the application file, but the information referred to in item AQ has not been considered as to the merits. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

Allowable Subject Matter

Claims 2-5 being further limiting and definite are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
